

# Quantum Spiritual Evolution : Opening Portals to Source

*Full Day Intensive Workshop/Retreat*  
September 16th \* 10:00 - 17:00  
High Wycombe

This is a day to voyage deep within, and a day to bring the Light of the Source, the Centre of our Beings, into our consciousness and into our life to bring about a quantum leap in our spiritual and human journey.

The workshop is open to all, but it is ideally advised for those who are already established on their spiritual journey. However, intense desire to participate, moved by sincere thirst for spiritual and existential fulfilment can be sufficient.

The journey will be led by two experienced spiritual guides and healing facilitators, Susan and Ignazio.

The day will be composed of an initial introductory talk into the objectives of the workshop as well as the guides sharing their latest insights on Spiritual Development, both on a personal, as well as a planetary, scale.

Participants will then be led through 5 deep, guided meditations and healing exercises, where a series of inner portals will be opened to enable karmic cleansing and life direction through closer contact with Source.

The day will be brought to a close with a group sharing session as well as a Q&A, and some guidance to make the best of the experience, and how to keep nurturing the effects to improve one's life.

**The workshop will bring together some of the best spiritual approaches to enlightenment, from deep silence awareness, to the expansion of awareness in cosmic consciousness.**

## Logistics and Cost

The workshop will be held in

## Facilitators

My name is Susan Campbell and I have been on my own spiritual path for many years. Along the way, I have discovered that one of my gifts is to help facilitate change in others, and that working on a transpersonal level can produce profound results. I am a Reiki and Anusha Ascension Healing Teacher, a trained Hypno-Psychotherapist and QHHT Level 2 practitioner, and am currently in training as a Celtic Shaman. At this stage I mainly use Anusha and QHHT in my work. Having worked in altered states of consciousness using different methods, I am familiar with the territory and well placed to guide you safely and gently through your own journey of discovery. My name is Ignazio Dentici and I have been practicing Deep Meditation, Yoga and other spiritual practices daily for over 15 years. About 6 years ago I trained and started teaching courses and sharing the MPA techniques and others. I guide a Yoga class which looks at the more spiritual and energetic practices of Yoga, and hold regular seminars including on cultivation of Kundalini energy. I've also been practicing the QHHT, Quantum Healing Hypnosis Technique, and been experiencing amazing insights and changes in my friends and clients who partake. For more details visit :
